Kawathekar Prashala, Pandharpur
2016 - 2017   **Percentage**: 85

SKILLS

- HTML, CSS
- JavaScript
- Bootstrap
- React.JS
- Node.JS
- Express.JS
- MongoDB
- Git, GitHub

PROFILE

Certified MERN Stack developer with a passion for creating scalable web applications. Proven expertise in MongoDB, Express, React, and Node.js through the successful completion of multiple projects. Dedicated to leveraging full-stack development skills to contribute to innovative and efficient solutions.

PROJECTS

PhonePe Clone

- Designed and developed a responsive PhonePe website clone, showcasing expertise in HTML and CSS. Demonstrated strong front-end skills, creating an intuitive and visually appealing user interface. Emphasized responsiveness for optimal user experience across devices.

Full Stack Chat App

- A real-time messaging application leveraging the power of MERN stack and Socket.io for seamless communication. Featuring JWT-based authentication, online user status indicators, and global state management with Zustand, Halo Chat App delivers a secure and dynamic chatting experience. Robust error handling ensures reliability both on the server and client-side.
